

# College and 6th Form Applications

Year 11 students can email Kat Garland of Luminare (who provide post 16 and careers guidance for the Saint John Houghton) to request either an email or phone consultation if they so wish, to support them with their post 16 decisions and plans. By emailing Luminare you are consenting to them contacting you back by email. If you provide Luminare with a phone number for a telephone consultation you are consenting to Luminare using that number and calling you. Email and phone consultations will need to be pre-booked and arranged for a suitable time.
