#### **1. First-time user? tab**

Use this option if you have never logged onto G4S before.

Enter your school email address and click 'New password'.

## 2. Forgotten Password? tab

Use this option if you have logged on before, but just forgotten your password.

Enter your school email address and click 'Send password reset link'.

## Sign in

The screenshot shows the 'Sign in' page with three tabs: 'Sign in with GO', 'First-time user?', and 'Forgotten Password?'. The 'Forgotten Password?' tab is selected, indicated by a red arrow from the text to its left. Below the tabs, there is a text prompt: 'If you have forgotten your password, you can reset it by entering your email address.' This is followed by an 'Email address' input field and a 'Send password reset link' button.

### **IMPORTANT**

Once you have clicked the 'New Password' or 'Send password reset link' button, Go4Schools will email your school email account with login details. You need to check your emails before you can login.

**Open your school email account and follow the instructions on the email. The school uses Microsoft Office 365. The student should know their login details.**

**You should then be able to set a new password. Remember this password, then use the 'Sign in with Go' tab on the first login screen to login to G4S.**

Once you have logged into Go4Schools using your email address and password, you can then use these details to login to the Go4Schools App, which you may choose to download. You can still use the web browser to open Go4Schools.
