

Saint John Houghton Bereavement Team

The month of November is dedicated to remembering those loved ones who have died. This is the month to remember and celebrate the lives of those who love and those who have been an important part of our lives. SJH are blessed to have a student led Bereavement Team who plan and lead a Bereavement Service.

We will not forget.

During the month of November SJH Chaplain leads Retreats; to gather the people, share the story and break the bread. SJH students are supported, loved and cared for. We offer a Retreat to all students who have lost a parent through death – a morning where they are spoilt and know we have not forgotten, and we do care.
